PROFILE

I am a results-driven developer with a deep passion for programming and a constant thirst for knowledge. Having 1+ years of experience in the software development industry, I have honed my skills in various programming languages and technologies, always striving to push the boundaries of what's possible. I believe that the best ideas are born through collaboration, and I thrive in an environment that fosters teamwork, diversity, and open exchange of ideas

WORK EXPERIENCE

Inceptial Tech, Kolkata - Developer

February 2023- PRESENT

- 1.Front-end of the Logistics management system using ReactJS.
- 2.Front-end in the Cab Service Admin web app.
- 3.Front-end in the Singapore Travel Oohray Admin web app.
- 4.Front-end in the India Online Directory Like Justdial type of web app.

Inceptial Tech, Kolkata - Intern

September2022 - January2023

- During my internship, I acquired valuable skills in writing effective and maintainable code. I learned to thoroughly understand clients' requirements and deliver effective results with the guidance and support of my seniors.
